President's Message

Greetings Fellow Neighbors.

I hope that you are enjoying the summer months with a somewhat slower pace than usual. Healthy tips advise us to stay well hydrated. Do not wait until you are thirsty, as being thirsty could be a symptom that you are already starting to become dehydrated. Proper hydration will facilitate greater mobility and a better predisposition to exercise, giving more life and youth to your tissues. Of course, these facts are for informational purposes only. The bigger advice is to follow your own medical doctor's advice.

Stay safe and enjoy the Summer!

Respectfully, Shirley L
