Building Permits

Building permits are official approvals from the local government that allow you to construct, renovate or alter your home. They are required for example for structural changes, electrical/plumbing work, new additions, garages, roofs or HVAC systems. Cosmetic changes like painting usually do not need a permit.

Next Edition Why Permits Matter.

President's Message S. Leonard

Some time ago, I mentioned that we were going to become more knowledgeable in understanding our voting processes and more current on when and who and why we are voting as needed. For this edition, I just want to briefly mention the following: November 2026 will be Mid Term voting. In Texas, we will vote on the Governor, one U.S.Senate seat, every U. S. House seat, and other statewide offices.seats in the Texas legislature, along with Harris County offices and judicial races here in Houston. Monday, October 5, is the deadline to register to vote. **More next edition.**
