Building Permits

Building permits are official approvals from the local government that allow you to construct, renovate or alter your home. They are required for example for structural changes, electrical/plumbing work, new additions, garages, roofs or HVAC systems. Cosmetic changes like painting usually do not need a permit.

Next Edition Why Permits Matter.

Civic Club Meetings and other Topics. Please note that we will have our meeting this month at the HPD Substation.

Remember: If you have information that you would like to include in the Newsletter for the community members, please contact me.
